Job Description

Recreational Aide

(Position Description, Class Specification & Minimum Qualification Requirements)

Controls Exercised over the Work

A Recreational Therapist, Occupational Therapist, Activities Coordinator, or Registered Professional Nurse V or higher (Director of Nursing) provides supervision to the position.

Instructions Provided: Entry level employees are provided specific and detailed instructions; full performance employees are provided general instructions, and specific instructions in new and unusual situations.

Assistance Provided: Entry level employees are provided close guidance in performing tasks; full performance employees perform work independently, receiving specific guidance only in new and unusual situations.

Review of Work: Entry level employees receive close and frequent review of work performed; the work of full performance employees is reviewed periodically.

Prerequisite Qualifications Required for the Entry Level

Experience and Essential Knowledge and Abilities: One (1) year of work experience in a hospital or other medically oriented institution or program where the primary or basic objective was to observe and report on a variety of physical and/or mental symptoms and conditions and implement care and/or treatment procedures for a caseload of patients/residents. Such experience must have demonstrated knowledge of basic spoken and written English; personal hygiene; bodily care and body mechanics; and housekeeping; the ability to read, write, speak, understand and communicate effectively with others in English; perform tasks involving heavy physical effort (e.g., lift, position, push, pull, and carry 50 lbs. or more; and walk/stand for extended periods of time); demonstrate poise and tact in dealing with a wide range of patients/residents with different illnesses and injuries; interact patiently and respectfully with staff, patients/residents and visitors.

Certification Required: Basic Life Support (BLS) for Healthcare Workers must be obtained within six (6) months of employment.

Driver's License: May require valid State of Hawaii Type 3 Driver's License.

Physical Requirements: All employees must be physically able to perform the essential duties of the position. The general types of physical abilities involved, and examples of the tasks requiring these abilities, follows:

HAWAII HEALTH SYSTEMS CORPORATION

Job Description

Recreational Aide

(Position Description, Class Specification & Minimum Qualification Requirements)

Sensory: Read handwritten or typewritten instructions and notes; observe obvious changes in a patient's/resident's condition; hear the conversational voice.

Coordination and Dexterity: Properly operate/maneuver wheelchairs, gurneys, hospital beds, etc.

Strength and Stamina: Lift, position, push, pull, and transfer patients/residents; lift and carry up to 50 lbs. walk and stand for extended periods of time.

Mobility: Move freely throughout the hospital to transport patients/residents to and from recreational activities.

(These requirements are supplemented by the Physical Requirements Specifications, for Nurse Aide classes.)

Prerequisite Qualifications Required for the Full Performance Level

In addition to the qualifications required at the entry level:

Experience and Essential Knowledge and Abilities: One (1) year of progressively responsible work experience in a recreational care program/setting which involved receiving on-the-job training in performing a variety of basic recreational therapy practices and techniques. Such experience must have demonstrated basic knowledge of recreational treatment plans and leisure-time activities; normal human growth and development; and the ability to adhere to orders and independently carry out simple recreational activities and therapeutic treatment plans; communicate and deal effectively with patients/residents and their families; and work effectively with others.

Substitution Allowed:

1. Successful completion of an occupational therapy assistant education program accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) which leads to an associate degree may be substituted for one (1) year of the work experience required.
2. Graduation from an accredited college or university with a bachelor's degree in recreation, physical education, special education, psychology or sociology which included a minimum of 12 semester credit hours or 18 quarter hours in recreation
