

STATE OF HAWAII
REQUEST FOR EMERGENCY PROCUREMENT

TO: HPA

FROM: Kona Community Hospital (KCH)

Pursuant to 103D-307, HRS, and Subchapter 3-122, HAR, the Department requests a request approval for this emergency procurement.

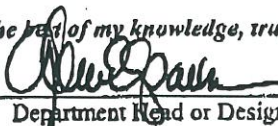

Date: June 9, 2005	After the fact: <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Nature of the Emergency: KCH IS IN NEED OF ONE LOCUM TENENS PHYSICIAN FOR A SHORT DURATION from June 8, 2005 to June 19, 2005, to provide oncology services for cancer patients in the community the hospital serves. Another provider of locum tenens physicians was contacted on April 20, 2005 and it promised a physician to fill this temporary need. However, less than two weeks before the agreed-upon commencement of services of June 8, 2005 the other company called to state that they could not provide the promised physician. Therefore, KCH was left without a physician during this period to treat cancer patients already scheduled for treatment. A delay in the provision of such services for the scheduled patients poses a threat to their health, if not their lives, thus creating a situation of unusual and compelling urgency. Furthermore, without such a physician, effectively, the north and south Kona district of the Big Island would be without this much needed physician's services. Therefore, this could endanger the health and welfare of other cancer patients in need of oncology services. Notwithstanding the short timeframe, requirements set forth under 103D-305 have been fulfilled regarding this contract action with the <u>only exception</u> of obtaining COGS and DLIR certificates. The vendor has been requested to provide these certificates on June 8, 2005 and is in the process of doing so. They have been instructed to forward the originals to KCH as soon as they receive same. The services are required immediately, so as to preclude the possibility of an exemption request that requires a notice.	

Vendor: Medical Doctors Associates, Inc. (MDA)	Amount: \$14,500.00
