HAWAII HEALTH SYSTEMS CORPORATION  
NOTICE OF AND REQUEST FOR EXEMPTION  
FROM CHAPTER 103D, HRS

1. TO: Chief Procurement Officer

2. FROM: Heath Hollenbeck

Department/Division/Agency Pursuant to §103D-102(b)(4), HRS, and Chapter 3-120, HAR, the Department requests a procurement exemption to purchase the following:

3. Description of goods, services or construction: Contractor provides a cloud-based Managed Secure File Transfer (SFTP) service needed to securely transmit data from inside HHSC's network.

4. Name and Address of Vendor: Ipswitch, Inc.  
   83 Hartwell Avenue  
   Lexington, MA 02441

5. Price: $30,000

6. Term of Contract:  
   From: August 8, 2015  
   To: August 7, 2018

   EX13-001 & EX-0012

8. Explanation describing how procurement by competitive means is either not practicable or advantageous to the State: Since 2012, the Contractor has provided HHSC with a SaaS (cloud-based) Secure FTP model that far exceeds the industry standard provision of software for secure FTP. The Enterprise level Secure FTP SaaS model provided continues to exceed HHSC security needs and includes enterprise level, high availability cloud services with an Ad_hoc secure FTP feature via Outlook that is not found with other providers. By purchasing a SaaS model and not simply procuring the software and installing it on HHSC servers, HHSC has been able to take advantage of High Availability and Disaster Recovery provided by the Contractor and to avoid the added expense of supplying the same infrastructure at HHSC via a separate solution. HHSC has also spent considerable time to set up and coordinate the solution with current HHSC contractors, and switching to a new product would be time consuming and resource intense. For the reasons cited above, procurement by competitive means is neither practicable nor advantageous to the State in this case.

9. Details of the process or procedures to be followed In selecting the vendor to ensure maximum fair and open competition as practicable: Direct negotiations with Ipswitch will be completed, and no formal solicitation will be conducted.

10. A description of the agency’s internal controls and approval requirements for the exempted procurement:  
The exemption request is reviewed by HHSC senior management in accordance with HHSC policies and procedures. The President and CEO of HHSC (or his delegated CFO) approves the exemption requests covering more than once facility and in accordance with internal procurement policies and procedures. HHSC policies and procedures will be followed and periodic reviews of the contract action will be performed.

11. A list of agency personnel, by position, who will be involved in the approval process and administration of the contract:
