HAWAII HEALTH SYSTEMS CORPORATION
NOTICE OF AND REQUEST FOR EXEMPTION
FROM CHAPTER 103D, HRS

EX Number: EX-68

1. TO: Chief Procurement Officer

2. FROM: A.A. Stransky

Department/Division/Agency Pursuant to §103D-102(b)(4), HRS, and Chapter 3-120, HAR, the Department requests a procurement exemption to purchase the following:

3. Description of goods, services or construction: System agreement for clinical laboratory services.

4. Name and Address of Vendor: Clinical Laboratories of Hawaii
   33 Lanihuli Street, Hilo, HI 96720

5. Price: Current NTE = $224,750M

7. Prior Exemption Ref. No. EX-064

8. Explanation describing how procurement by competitive means is either not practicable or advantageous to the State: Contract was awarded as a “Discretionary” procurement in 2003 prior to the time when HHSC was subject to state procurement code HRS §103D. HHSC desires to re-issue a formal RFP for the laboratory services provided under this agreement but must wait until such time that the Maui regional transfer from HHSC to a public/private partnership is completed. HHSC did issue a competitive solicitation for these services in 2012, which was subsequently suspended when all parties, including Offerors, agreed that HHSC was unable to move forward due to the burden of EMR and ICD-10 implementations. The Maui regional transfer is anticipated to take place on July 1, 2017.

HHSC, currently subject to the procurement code, and in conformance with §103D HRS, most recently extended the contract’s period of performance by 24-months in order to accommodate the implementation of an EMR system and the upgrade to ICD-10. This exemption extension will be followed by a re-issuance a competitive solicitation, and award of a new contract.

9. Details of the process or procedures to be followed in selecting the vendor to ensure maximum fair and open competition as practicable: HHSC full and open competition will resume once HHSC has completed its transfer of the Maui region from HHSC to a public/private partnership and can issue a competitive solicitation and award.

10. A description of the agency’s internal controls and approval requirements for the exempted procurement: The exemption request is reviewed by HHSC senior management in accordance with HHSC policies and procedures. The President/CEO of HHSC (or delegated CPO) approves the exemption requests covering more than one facility and in accordance with internal procurement policies and procedures. HHSC policies and procedures will be followed and periodic reviews of the contract action will be performed.

11. A list of agency personnel, by position, who will be involved in the approval process and administration of the contract:

<table>
