HAWAII HEALTH SYSTEMS CORPORATION  
NOTICE OF AND REQUEST FOR EXEMPTION  
FROM CHAPTER 103D, HRS

1. TO: Chief Procurement Officer

2. FROM: Barbara Kahana, VP & CIO, Corporate HHSC

   Department/Division/Agency
   Pursuant to §103D-122(b)(4), HRS, and Chapter 3-120, HAR, the Department requests a procurement exemption to purchase the following:

3. Description of goods, services or construction:  
   Provide project management regarding the implementation and customization of the Kronos time and attendance system.

4. Name of Vendor: Daryl Chow
   Address: 175 Halemaumau Place  
   Honolulu, Hawaii  96821

5. Price: $113,500.00

   To: Feb. 14, 2008 with 3 1 year options to extend

7. Prior Exemption Ref. No. EX 05-29

8. Explanation describing how procurement by competitive means is either not practicable or advantageous to the State:

   The learning curve for any new project manager is estimated to be a minimum of 12 months. In order to continue the Kronos project in the most expedient time, the current vendor needs to continue the work with the HHSC team in place. The contract with the software vendor is time-sensitive and requires active participation of knowledgeable HHSC staff immediately.

   The current project manager, Daryl Chow, has been the key architect of the current project design and has the knowledge and experience gained over 5 1/2 years working on the Kronos project. The current design of the overall structure of the project and overall process in place are the result of working directly with HHSC staff, vendors and senior management of our pilot facility, as well as with the Steering Committee of the project for HHSC. The vendor's background includes education, experience and knowledge of payroll, human resources, auditing and finance in a healthcare environment. The vendor has specific prior knowledge and experience working with Kronos, Lawson and One Staff. The vendor is also familiar with the full range of Kronos resources from technical staff through executive management.

9. Details of the process or procedures to be followed in selecting the vendor to ensure maximum fair and open competition as practicable:

   Not seeking competitive action at this time due to the specific time constraints associated with the project and the specific need for the specialized knowledge and experience of the existing provider. It is in the best interests of HHSC at this time that the pilot project is continued with the existing vendor. Starting over with a new vendor could result in delays and wasted resources amounting to hundreds of thousands of dollars.

HHSC PUR Policy 0017  Nov 2006  PUR 007
10. A description of the agency's internal controls and approval requirements for the exempted procurement:

Description of need and purchase request for services will be reviewed internally by the senior management staff for completeness and then will be referred to Contract Management for recommendations. Senior management will support and request final approval from the HHSC President and CEO, who will sign the request.

11. A list of agency personnel, by position, who will be involved in the approval process and administration of the contract:
