WEST KAUAU MEDICAL CENTER

West Kauai Medical Center (WKMC) was formerly known as Kauai Veterans Memorial Hospital (KVMH) and was completed in October 1957 and dedicated to the Veterans of the Korean War. KVMH was built to meet the increasing medical needs for the people of the surrounding communities. Although this hospital still continues to honor the service and sacrifice of all our Veterans, the hospital has unofficially adopted a new name and today it is known as the West Kauai Medical Center (WKMC). WKMC has 45 licensed beds, including 25 acute and 20 long-term care beds. Today WKMC employs 257 (FTE FY11) employees and provides the following services:

SAMUEL MAHELONA MEMORIAL HOSPITAL (SMMH)

Samuel Mahelona Memorial Hospital (SMMH) is the oldest operating hospital on Kauai. Founded in 1917 as a tuberculosis (TB) hospital, it received its name from a member of the Wilcox family who died of TB as a young man. In the 1960's, with the cure from TB well established, SMMH gradually transitioned to providing acute psychiatric, skilled nursing, medical acute, TB, and ancillary outpatient and inpatient services. SMMH has 80 licensed beds, 66 long-term care and 14 acute care.

This hospital currently employs 143 (FTE FY11) people and its services continue to develop to meet the changing needs of the community. In the past year, an Emergency Department was opened to provide services to Kauai’s east and north shore communities. Currently, patient services include:

HILO MEDICAL CENTER (HMC)

Hilo Medical Center (HMC) is the largest facility in the Hawaii Health Systems Corporation. Established in 1897, HMC has grown from a 10-bed hospital, created by the Hawaiian Government, to the present facility of 272-licensed beds, consisting of 138 acute and 22 skilled nursing licensed beds including a 20-bed psychiatric unit, a separate 112-bed licensed extended care facility and an accredited home care agency. Built in 1984, the facility sits on roughly 20.5 acres of land, next to the new 95-bed Yukio Okutsu Veterans Home, Hawaii's first State Veterans Home, and the previous site of the "old hospital". Today, HMC is the largest employer in Hilo, with 945 (FTE, FY11) employees.

Also on campus are Hawaii Pacific Oncology Center, Liberty Dialysis and the Veteran's Administration (VA) Community-Based Outpatient Clinic. Other off-campus clinics also under Hilo Medical Center include Surgery, Cardiology Neurology and Urology. Efforts by our Medical Group Practice Director and Medical Staff Office to recruit physicians in general and specialty areas are underway and ongoing. In addition, Hilo Medical Center is exploring possibilities of recruiting hospitalists in Long-Term Care, Behavior Health, Obstetrics and Neonatology.

This past fiscal year, HMC had 7,531 admissions. In addition, HMC delivered 1,135 babies, and had 38,281 emergency visits (second busiest in the State, after Queens Medical Center on Oahu).

HMC’s strategy to continue meeting our region’s health care needs is to expand and enhance services. One of the brightest spots in East Hawaii and perhaps our the entire state was the November 2007 dedication of the Yukio Okutsu Veterans Home, Hawaii’s first State Veterans Home. This 95-bed Veterans nursing home and day health center honors Hawaii’s veterans with an attention to detail in the design, architecture, color scheme and layout. The home offers many amenities such as private and specially designed semi-private rooms, wide hallways accented with archways, central air conditioning and a number of common areas for residents to visit with friends and family. Avalon Health Care has been named as the management company in charge of the home’s daily operations.
The Emergency Department Expansion and Renovation Project began in February 2007 and completed 2008. The project added a nursing station, increase the number of exam rooms from 14 to 28, and the expand the Emergency Department area from over 7,000 sq. ft. to over 11,000 sq. ft. The additional space will provide patients more privacy and comfort.

In September 2007, HMC’s Emergency Department launched the Electronic Medical Record system – HHSC’s first. Prior to the launch, Emergency Department physicians and staff, as well as, staff from Laboratory, Radiology, Respiratory Therapy, and Patient Services participated in months of training and preparation.

In the year ahead, Hilo Medical Center's priorities will be focusing on: initiating the Family Practice Residency Program/Rural Health Training Program in collaboration with the University of Hawaii at Manoa John A. Burns School of Medicine; replacing or renovating and expanding the 112-bed Extended Care Facility to a 200-bed facility; retaining and recruiting physicians; establishing a Cardiovascular Service Line; achieving a Level 2 Neonatal Intensive Care Unit; and creating a Human Patient Simulation Unit for training and advanced education.

HALE HO'OILA HAMAKUA (HHH)

Hale Ho'ola Hamakua (HHH), originally known as Honoka'a Hospital, has served the healthcare needs of the communities of Hamakua, North Hawaii and South Kohala since 1951. In November 1995, a new fifty-bed (50) facility was opened above the old hospital, to provide long-term-care services. The facility was renamed Hale Ho'ola Hamakua (Haven of Wellness in Hamakua) in 1997 to reflect its new focus.

HHH employs a staff of 99 (FTE, FY11) of which a significant number are residents of the area who were former employees or related to employees of the Hamakua Sugar Company that phased out in 1994. The Hamakua Sugar Company Infirmary, which became the Hamakua Health Center, provides primary care and behavioral health services to the community in a building owned and leased from HHH.
The greater part of the "old" Honokaa Hospital building is being leased to the University of Hawaii-Hilo for the North Hawaii Education and Research Center (NHERC), a project providing college, vocational, and special interest courses in North Hawaii. It will also function as a base for offsite distance learning for the university to all parts of the State. One of the goals for NHERC is to offer Certified Nurse Aide classes at least twice per year and incorporate a Licensed Practical Nurse Program with the Hawaii Community College using HHH as one of several clinical sites. The nursing programs will assist with the staffing the health facilities and community health services in the North Hawaii area.

HHH was converted as a Critical Access Hospital on November 2005, which resulted in bed configuration changes and the provision of new Emergency Room (ER) and expanded ancillary services.

Services provided by HHH include:

- 4 Acute/SNF Swing Beds
- 73 Long Term Care (ICF/SNF) Beds
- Emergency Room Services, 24 hours/7 days per week, on call within 30 minutes
- Inpatient Physical Therapy
- Inpatient Occupational Therapy
- Inpatient Speech Therapy
- Inpatient Social Services
- Inpatient and Outpatient Laboratory services
- Inpatient and Outpatient X-Ray services
- Inpatient Dietary/Food Services

KA‘U HOSPITAL

Ka‘u Hospital, in Pahala, is a 21-bed facility with 16 long-term care beds and 5 acute beds with 57 employees (FTE, FY11). It also operates a 24 hour 7 day a week Emergency Department. Replacing the last sugar plantation hospital on the island, Ka‘u Hospital was built in 1971 to serve the needs of a vast rural area. There are no other hospitals within a 55-mile radius in any direction. As of July 2001, Ka‘u Hospital was designated as a CAH (Critical Access Hospital). This is a federal designation given to small hospitals that provide essential emergency and acute services in remote areas to assist them with the financial burdens associated with their size and isolation. Adding to the spectrum of services provided by Ka‘u Hospital, a Medicare certified Rural Health Clinic was established on the hospital campus in September of 2003.

The people of Ka‘u truly support their hospital. Their partnership of volunteerism and fundraising has enabled Ka‘u Hospital to make many improvements in appearance, functionality and medical equipment that the hospital would be unable to fund on its own. It is a true community hospital where staff work toward being the very best they can be for the people of Ka‘u. Demand for services, particularly emergency services and long-term care has been growing steadily. Long-term care beds have been 100 percent occupied for the past two fiscal years with some patients waitlisted in our acute beds.

Hilo Medical Center Foundation

Founded in 1995, the Foundation supports the healthcare of the community and its visitors by assisting Hilo Medical Center (HMC) through volunteerism, community education, and financial support. With no private hospitals in the East Hawaii region, HMC is truly a community institution with quality of facilities and services dependant upon both psychological and financial community support. We view our mission as attempting to enhance that support.

Ka`u Hospital Charitable Foundation

Ka`u Hospital Charitable Foundation was created to raise funds for the benefit of Ka`u Hospital in order to supplement the financial resources available to it through the hospital’s own revenue (which comes from income, shared resources from other HHSC facilities, and any monies granted by the State.) Funds raised are used to enhance the quality of care provided by Ka`u Hospital through improvements in the facility, medical equipment, and training of staff.

KOHALA HOSPITAL

Kohala Hospital, located in the rural town of Kapaau (North Kohala), opened its doors to patients on April 1, 1917. At that time, it was a 14-bed facility. Miss Mina Robinson, a medical, surgical and maternity nurse, arrived from Australia to "take charge" of the hospital. The cost of hospitalization at that time was $1.50 per day. In 1962, Kohala Hospital was relocated into a new lava rock and hollow tile structure consisting of 26 inpatient beds providing both long-term and short-term acute care. Today, Kohala Hospital employs 53 employees (FTE FY11), has 28 licensed beds (4 acute and 24 long-term care), and provides the following services:

Critical Access Hospital (CAH)
- 24-Hour Emergency Care
- Inpatient and Outpatient Clinical Laboratory and X-Ray Services

West Hawaii Region Foundations Supporting HHSC Hospitals
Background / Contact Information

Kona Community Hospital Foundation

This foundation was established in 1984 for the purpose of providing means, equipment and facilities for the use by and benefit of Kona Community Hospital. Since its inception it has provided over a million dollars in equipment and facilities to the hospital. It is managed by a five-member board that is completely separate from the management of the hospital.

Well into the second decade of operation we are very proud of our participation in the modernization and future of Kona Community Hospital. Kona Hospital is a tremendous asset to our community and
we enjoy providing support to its reinvention and growth. Your participation is most appreciated and does make a significant difference.
