I. PURPOSE: To establish and define policies relating to the employment of physicians.

II. POLICY:

a. The employment of all physicians, with or without employment agreements, requires approval from the HHSC President & Chief Executive Officer (PCEO) or the Regional Chief Executive Officer (RCEO) dependent upon the financial threshold of the physician employment agreement. The RCEO has the delegated authority to sign employment agreements within their authorized limit. The RCEO and applicable Corporate staff will be responsible for ensuring that the procedures are followed.

b. An employment contract that is in compliance with all applicable laws, including Stark and Anti-kickback regulations, shall be entered into with all employed physicians providing clinical services.

c. All employment contracts with physicians shall be reviewed by General Counsel's office or an outside firm approved by General Counsel's office based on expertise in this area, to ensure that all regulatory requirements have been met.

d. A Fair Market Value ("FMV") Analysis shall be memorialized for all physician employment arrangements, with or without employment contracts, in accordance with HHSC Procedure 15B. No physician shall be retained as an employee unless the FMV meets regulatory requirements.

e. All employment contracts with physicians shall be kept in the central repository. It shall be the responsibility of each facility administrator to ensure that the contract repository is kept up to date.

f. Only employed physicians shall be added to the HHSC healthcare professional insurance policy.

Please refer to the HHSC Procurement Policies regarding independent contracted physicians.
III. **APPLICABILITY:** This policy shall apply to all employed physicians of HHSC and its affiliates.

I. PURPOSE: To establish procedures and define approval criteria for the employment of physicians.

II. PROCEDURE:

A. The following procedures outline the current processes for employing all physicians with or without Employment Agreements. These procedures however, may be subject to modification by the regions depending upon the types of employment models, benefits, etc., utilized for employing physicians in compliance with various State laws. Use of an employment agreement for physicians employed to provide solely administrative services is optional.

1. Regional Chief Executive Officer (RCEO) approves and submits the HR-01 form to establish/create or fill a vacant physician position, including a job description to their respective Regional HR office.

2. Upon approval of the HR-01, the RCEO approves the salary range within fair market value.

3. The Designated Regional Staff (DRS) will populate the Physician Recruitment Travel Pre-approval template and send to the HHSC Corporate Legal for review. If the DRS elects to have the agreement reviewed by outside counsel, the DRS will ensure that HHSC Corporate Legal is copied at the time it is sent out for review.

Once approved by legal counsel, the travel reimbursement agreement is returned to the RCEO for signature and then forwarded to the physician candidate for signature. A signed copy of the travel reimbursement agreement must be obtained prior to formalizing any travel arrangements for the physician’s on-site visit and a copy is sent to HHSC Corporate Legal for their file. Upon execution of the signed travel reimbursement agreement, the RCEO/DRS will assist in coordination of the site visit agenda.
4. RCEO to negotiate the scope of services and compensation with the physician using the Fair Market Value (FMV) compensation data and other relative market information. RCEO will consult with the applicable Regional or Chief Compliance & Privacy Officer at the beginning of the negotiation process to ensure compliance with all Stark, Anti-Kickback, and other laws as applicable. Consultation with HHSC Corporate Legal is optional.

5. Total compensation for physicians with employment agreements, either for initial or extended agreements within the authorized limit, shall require the RCEO's approval prior to finalizing any agreement.

6. RCEO or DRS shall complete the Fair Market Value (FMV) Compensation memo (Attachment 1) including attachments relative to the FMV.

7. If the facility is interested in hiring the physician, the RCEO/DRS shall draft the employed Letter of Intent (LOI-Attachment 4) template (legal review is optional) and send to the RCEO for presentation to the physician candidate. The RCEO/DRS will also send a copy of the LOI to the Regional Human Resources Director for information purposes, as candidates frequently follow up with the Regional HR office after their site visit.

8. Upon completion of the negotiations, RCEO or DRS shall complete the Officer Certification (Attachment 2) and submit to their respective Regional HR office. The Regional HR Office will be responsible for ensuring that all appropriate approvals have been obtained and for initiating the Conditional Letter of Appointment and Letter of Understanding.

B. Employing Physicians with Employment Agreements - All employed physicians whose duties include clinical practices as an employee of HHSC are required to have a written employment agreement.

All employment agreements are coordinated by the Physician Practice Management Director/Medical Group Practice Director or DRS and approved by the RCEO. If necessary, employment agreements shall be approved by the HHSC PCEO dependent upon the financial threshold of the physician employment agreement. The following outlines the additional procedures to III. A., 1-6 above for physicians with employment agreements. Refer to the "Physician Financial Arrangements for Physician Contracting (May 2007)" manual for approved templates:
1. RCEO or DRS shall complete the Fair Market Value (FMV) Compensation memo (Attachment 1) including attachments relative to the FMV, Officer Certification (Attachment 2), and signed copy of the Negotiator’s Checklist (Attachment 3) and submits to Regional HR.

2. RCEO or Regional HR verifies with the physician that he/she does not have any other arrangements (i.e. employment, contract, etc.) with any of the facilities within the HHSC system. If the physician does, HHSC Corporate Legal should be alerted at the time the contract is submitted for legal review.

3. Upon receipt of the completed Attachments 1, 2, and 3, the DRS will draft the Physician Employment Agreement template. The designated DRS will review and determine if more information is needed to substantiate FMV, etc. Regional HR/DRS should evaluate the job description and the terms of the employment agreement for consistency.

4. Regional HR will forward a draft employment agreement along with Attachments 1, 2, and 3 to HHSC Corporate Legal for review and approval. If outside counsel is obtained for legal review and approval, then HHSC Corporate Legal is copied at the time the draft employment agreement is referred to outside counsel for review.

5. Once the employment agreement is approved by HHSC Corporate Legal or outside counsel, Regional HR/DRS should again evaluate the job description and the terms of the employment agreement for consistency. The employment agreement will be emailed back to the RCEO/DRS to obtain the physician’s signature and a copy will be sent to the Regional HR.

6. RCEO will obtain the physician’s signature and sign the employment agreement once the document has been agreed to by the physician. In the event that the physician does not agree with the agreement presented by the RCEO, the RCEO will need to inform both HHSC Legal (or outside counsel) and Human Resources to address the issues as needed and to modify the agreement as appropriate and obtain approval by HHSC Legal (or outside counsel). Regional HR/DRS should evaluate the job description and terms of the employment for consistency.

7. Upon receipt of the signed physician employment agreement, Regional HR or DRS will submit the agreement along with the approved Fair Market Value Compensation memo (Attachment 1), Officer Certification (Attachment 2), and the Negotiator’s Checklist (Attachment 3) to the RCEO for signature/date.
8. The original signed employment agreement and Attachments 1, 2, and 3 will be retained by the Regional HR Office for the facility’s employee file. If necessary, Corporate HR will request a file copy of the signed employment agreement and forms.

9. The Regional HR Office will be responsible for ensuring all the appropriate documents are in place and to initiate, as appropriate, the Conditional Letter of Appointment and Letter of Understanding along with the employment agreement.

10. The respective RCEOs, Regional HR Directors, or DRS will be responsible for tracking the expiration of these employment agreements and for initiating actions to prompt the renewal process ninety (90) days prior to expiration. The renewal process will be the same as described in the above section III. B., 1-6.

C. Insurance

1. A physician employed by HHSC that obtains or performs work outside the scope of his/her employment will acknowledge and certify on the Physician Employment Agreement that if a claim arises for employment outside of the facility/region, the insurance provided by the region and/or HHSC will not cover the claim and neither the region nor HHSC is responsible or liable for the claim filed against him/her.

III. APPLICABILITY: This policy applies to all employed physicians of HHSC.

"Cumulative Salary and Expenses" means the aggregate salary amounts paid and benefits provided to PHYSICIAN pursuant to this Agreement plus the aggregate expenses incurred by HOSPITAL that are allocable to HOSPITAL’s recruitment of PHYSICIAN and the operation of his practice. Cumulative Salary and Expenses does not include any incentive compensation amounts paid to PHYSICIAN hereunder. A WRVU is a unit of measurement that measures the relative value of one service against all other services.
For purposes of determining PHYSICIAN's incentive compensation, the WRVUs for each service personally performed by PHYSICIAN during the Bonus Year shall be set by the final Medicare Physician Fee Schedule then in effect. WRVUs shall not include any measure of value of Designated Health Services as that term is defined in Section 1877 of the Social Security Act (the federal physician self-referral or "Stark" law) and the regulations promulgated thereunder.

PHYSICIAN's incentive compensation for the Bonus Year in question shall be (Fill in Numeric Dollar Amount $__________________) for each WRVU attributable to services personally performed by PHYSICIAN during the Bonus Year in excess of (Fill in Threshold Amount of WRVU's__________________) WRVUs. \[ \text{Relocation Expenses to be Repaid} = Y \times \left(\frac{(12 - Z)}{12}\right) \]

where \( Y \) is the amount of Relocation Expenses reimbursed by the HOSPITAL, and \( Z \) is equal to the number of full calendar months between the day the PHYSICIAN breaches or ceases to be in compliance with any of the terms in Paragraph C or D, and the Relocation Date.
