PUR Form 001 (Spo 01) 11/06

11. Alternate source. The following other possible sources for the good, service, or construction were investigated but do not meet our needs because: Unable to locate another vendor who could provide advanced life support and basic life support services for the islands of Kauai, Oahu, and the Big Island. The County of Maui posted a RFI document in search of other vendors to provide these services and only one vendor provided information. Due to high startup cost of services it would be impractical for a vendor to start a new company due to the logistics, Licenses, Certifications, purchase of vehicles and accommodations they must obtain prior to providing services it would not be a realistic expectation.
